- 8.3 Consideration of a County of Los Angeles Negotiated Tax Exchange Resolution (NTER), related to the annexation of Territories known as Petitions Nos. 2-116 and 32-416. This resolution authorizes the County of Los Angeles and GLACVCD to collectively approve and accept the negotiated exchange of ad valorem property tax revenue resulting from the annexation of the subject territory identified in the resolution to provide revenue to the County Lighting Maintenance District (CLMD) 1687 and 10066. A copy of the letter from the County of Los Angeles Department of Public Works requesting this resolution is attached. (**EXHIBIT C**)

Analysis: The NTER from the County of Los Angeles is similar to previous L.A. County tax sharing resolutions and seek to generate revenue to partially fund the services of CLMD 1687 and 10066 as noted above. Similar resolutions have previously been adopted by the Board; territory tract number Petitions Nos. 2-116 and 32-416 relate to funding for the operation and maintenance of new street lighting services for property in Hacienda Heights. Although the District gives up a negligible share of its ad valorem property taxes in these exchanges, in subsequent years, that amount would generally be regained, if not exceeded, due to an increase in property values associated with services provided by the CLMD.

This month, staff and the Budget and Finance Committee members will present the District's Proposed FY 19/20 Budget for Board discussion and approval. The document is attached to this month's agenda packet for your review in advance of our meeting. I would like to take this opportunity to thank the committee members for their time and participation in the budget preparation process, particularly Committee Chair Heidi Heinrich, Steve Appleton, Steven Goldsworthy, and Dr. Jeff Wassem. These committee members met for several hours at our Sylmar facility on April 25 to carefully review and discuss the District's budget proposal and plans for the upcoming year. I am pleased to report that there will be no benefit assessment increase (i.e. no tax increase) this coming year. The Board's authorization to increase personnel and equipment last year is already making a positive impact on our operations since we saw a decrease at the end of last season in the amount of time a resident had to wait for staff to respond to a service call.

April 21 through 27 was California Mosquito Awareness Week, which is traditionally the kick-off to our official mosquito season. Our Community Affairs Department was hard at work, releasing some exciting new additions to the District's outreach repertoire. In addition to the press release that all of you should have been notified of, staff updated the District website with key messages, conducted a Facebook Live stream of an invasive *Aedes* mosquito property inspection, released a new music video featuring Velma (our mosquito mascot), and rolled out a new Twitter and Instagram presence for Velma (@VelmaBites). Velma and her colleagues have become real web "influencers" over the past year, and we hope her new presence will make it that much easier to reach and educate followers about the importance of mosquito control and prevention.

Our first wave of seasonal Mosquito Control Technicians started on April 22 and will be targeting street gutters proactively to reduce adult emergence as we progress into summer. The next wave of seasonals are expected on-board on May 6, and we anticipate bringing in extra-help for our *Aedes* control team by early June. Mosquito trap counts are inching upwards as temperatures warm, so staff are already busy hitting all of their known sources in the field.

Administratively, our new Human Resources Director is already hitting the ground running, taking on day-to-day HR tasks with minimal training and taking the lead on remaining staff recruitments and on-boarding. We hope to have the remaining vacant positions filled within the next month.

Yours truly,

General Manager

SCIENTIFIC-TECHNICAL REPORT

April, 2019

Harold Morales, Tanya Posey & Steve Vetrone, Vector Ecologists
Rande Gallant, Faiza Haider & Ryan Amick, Assistant Vector Ecologists
Angela Arteaga & Christopher Ortiz, Field Assistants*

I. RISK ASSESSMENT

While we did resume mosquito trapping and testing in March, weather permitting, we do not usually begin with the collection of chicken blood samples, and the State Health Department does not resume the dead bird program until the middle of April. One set of blood samples has been submitted, but results have not yet been received, thus the Risk Assessment for April could not be calculated.

II. GLACVCD MOSQUITO-BORNE DISEASE WATCH

Summary

- Mosquito abundance in April was on-par with the 5yr average for the month. No WNV has been detected within the District service area.
- Sentinel chickens have been placed.
- Statewide WNV activity has been reported in one mosquito sample from Orange County and a dead bird from San Diego.

Heather Hyland, Education Program Coordinator
Gabriel Urreola, Education Program Coordinator
Helen Kuan, Outreach Assistant

Departmental Activities

Executive Summary (2018)

As we prepare for upcoming budget, we take an opportunity to review our outreach efforts over the past few years and see how we are doing. This department experienced several significant challenges in 2018 which was reflected in our statistics. The most pressing of those were staffing shortages. To compensate, key staff were reassigned, and increased efforts were put into traditional and social media efforts to compensate for reduced direct outreach abilities.

- Public Information Officer (PIO) position was vacant from January-November
- Education Program Coordinator (EPC) was vacant from May-October
- Outreach Assistant (OA) temporarily reassigned to EPC
- 40% reduction in Operations staff overtime hours to work events
- 56% reduction in presentations to adults
- 58% increase in digital (social media and website) traffic
- SWAT out of service due to generator issues (~6 weeks)

*SWAT Lab launched Jan 2018
 **Data through Mar 2019

Even with the above noted challenges, the EPCs are projected to nearly reach 6,000 by the end of the school year. Note: these numbers do not include additional SWAT outreach at community & STEAM events. The total number of community members reached at these events is still TBD. We eagerly await the addition of Community Liaisons to our team and look forward to seeing the impact these additional staff will have on our programs.

Administrative

- Final review of Community Liaison applicants & interview questions
- Preparing 6-month and annual staff evaluations
- Staff cleaned, cleared, and organized departmental office including making space for new materials.
- Met with staff to discuss budget projections for the next fiscal year and presented draft department budget to General Manager for review; finalized FY 19/20 budget docs.

Programmatic

- PIO and Outreach Assistant helped pilot the Escape Room Kit at three different locations for 5th graders. Currently working with EPCs on survey evaluations to measure program success and effectiveness. Two additional pilot schools are scheduled for the month of May.
- California Mosquito Awareness Week – April 21-27:
 - Created branded content and social media tool kit which included graphics, a newsletter, website page, and press release. The kit was sent to all cities for distribution. Please help promote this information all summer! <https://bitty.ch/e9fk7>
 - Partnered with Operations staff to highlight a home service request inspection and feature during Mosquito Awareness Week.
 - In partnership with MVCAC member districts, released engaging video and social media content throughout the week (see *Digital Outreach* below)
- LA Dodgers Regional Campaign:
 - Developing Spanish radio advertisement to play during the month of June on 1020AM and finalizing video specifications for Mosquito Rap PSA that will play during Dodger games and on iHeart media digital platforms.
 - Rebranded SoCalMosquito.org webpages and added new visuals and content.
- Collaborating with Operations to finalized changes to our website's service request form.
- Collaborating with Operations to set up pool surveillance program and implement in May/June after aerial flyovers are completed.
- Managed brochure inventory in preparation for season and end of fiscal year; ordered additional materials as needed.
- Collaborating with LA County Emergency Preparation & Response Division on disease outbreak training exercise scheduled for May 17-18 in the city of Downey.
- Finalizing Girl Scouts Patch program
- Collaborating with Los Altos High School teacher regarding new trap design – next steps

Educational Outreach

After many frustrating attempts to diagnose and solve the SWAT Lab’s generator problems, we tip our hats to our Maintenance department for diligent working with both the manufacturer and repair facilities to get our vehicle back on the road. This costly issue was (thankfully) covered under the manufacturer’s warranty.

The SWAT Lab has rapidly become the talk of the town! We are now becoming quite popular in the STEM (science, technology, engineering, & math) circuit which is very exciting. This has opened the door to so many amazing opportunities. Our most recent City of STEM event in Downey reached more than 3,000 community members alone.

As we transition into summer, the SWAT Lab is preparing for and booking summer camps, library events and community events and this year, are launching our latest venture, *SWAT Lab “Pop-Up”* events at popular locations throughout our service area. We will use social media to share our locations and advertise special promotions to those that come visit us on that day.

Digital Outreach

Website/Social Media Maintenance

- Have you seen? Velma the Mosquito now has her own social media accounts on Twitter & Instagram. Our PIO was busy this month creating and branding some terrific content for [@VelmaBites](#) – check it out!
- Our team has outdone themselves again! In support of Mosquito Awareness Week, Velma was highlighted in her latest parody music video: “A Mosquito Is Born - On the Side”. Watch it on our YouTube Channel: <https://www.youtube.com/watch?v=RkZ8p8-dLbw>
- Develop social media tool kit used during Mosquito Awareness Week and distributed to District partners.
- Continuation of video production for Service Request Form page on the website designed to improve residents understanding of our services and their responsibility.
